

GRAND CAYMAN TRAVELS

YOUR GROUP TRAVEL SPECIALISTS

Celebrations Ltd. is pleased to announce our association with THE premier travel concierge & Cayman Islands' destination expert of group bookings, Grand Cayman Travels. Our collaboration ensures that our brides and clients alike are provided with the utmost professionalism and personalized services in travel, transportation and accommodation assistance *to/from/in* the Cayman Islands – exclusively for events planned or produced by Celebrations Ltd.

What does this mean?

Our collaboration with travel & group bookings experts, Grand Cayman Travels, is the birth of a lengthy planning process to give our clients the most prepared and informed experience outside of our event planning and productions; this makes for a well-rounded overall experience in accommodations and travel to the Cayman Islands for you and your special guests. Grand Cayman Travels understands the details involved in transporting your guests to the Caribbean and will handle everything from contracts and bookings to airline and even local Island transportation to allow you to focus on your special celebration. Leave the details to Grand Cayman Travels!

Grand Cayman Travels Package of Services via Celebrations Ltd. includes:

- Hotel bookings for all guests
- Reservation of local driver services, car rentals and/or reliable taxi transportation
- Handling of contracts and agreements with accommodation providers/airlines

- Daily dining reservations (as needed) via our trusted expertise and, of course, your desires

Why secure Grand Cayman Travels' services?

Securing GCT's personal concierge services for your group's travels to the Cayman Islands means having an expert with vendor relationships in place to secure the best rates possible for your needs; GCT's knowledge also ensures you're being handled by the most reliable sources on island. Your own personal concierge service means there are no business-hours to adhere to. While a hotel concierge or coordinator can offer you assistance with making local arrangements – during their shift, services through GCT means your interests are being handled by your own personal representative, not a rotating staff – and your representative will be available to handle your requests at any time. Opt for consistency, reliability and island-wide expertise. It's worth it!
