

CELEBRATIONS BRINGS UNITED NATIONS WOMEN #HEFORSHE GENDER EQUALITY
MOVEMENT TO THE CAYMAN ISLANDS

Celebrations is pleased to announce that we have joined the solidarity movement for gender equality by pledging a commitment to *United Nations Women* & their #HeForShe campaign. We are bringing the movement to the Cayman Islands!

Beginning March 1st 2015, the Cayman Islands will officially be added to the global #HeForShe map of pledges thanks to the first commitment from Cayman, proudly by Celebrations. We are also pleased to announce that we have joined efforts with the Family Resource Center and Cayman government's Gender Equality board to start from the top of government and trickle the efforts forward to Civil Servants and the general public.

Male government officials will be making their online pledges in March and holding up their #HeForShe signs and you are all invited to join by taking your own photographs and sending them in! An art installation of the photographs of pledging males in Cayman will be on display at the National Gallery during the FRC's International Women's Day celebration on March 8th.

Photograph Requirements:

Take a photo with your own #HeForShe sign in front of a white background. Jot it down (#HeForShe) in dark ink on a piece of plain white paper to show your support! Your photo will be on display with all others in our Art Installation at the National Gallery!

Send to stevana_hanna@celebrationsltd.com or tag Celebrations Ltd. on Facebook or Instagram.
